KoaSports

Return to Play COVID Policy

Direct Exposure

(Koa athlete, employee, or a family member, in the household tests positive for COVID)

If there is direct exposure to COVID, an athlete must test negative and be quarantined for 14 days in order to return to play in Koa activities.

Tertiary Exposure

(Koa athlete, employee, or a family member, was exposed to COVID)

Athlete may return to play in Koa activities. Koa will notify all the teammates and or campers of exposure.
